Temporary Protected Status: Venezuela

Registration period:
March 9, 2021
thru
September 5, 2021

What is Temporary Protected Status? (TPS)
a temporary status given to eligible nationals of designated countries who are present in the United States. The status, afforded to nationals from some countries affected by armed conflict or natural disaster, allows persons to live and work in the US for limited times. Currently, persons from thirteen countries—Venezuela, Haiti, El Salvador, Syria, Nepal, Honduras, Yemen, Somalia, Sudan, Nicaragua, Myanmar, South Sudan and Burma—have temporary protected status.

How is our office responding to the newly designated TPS for Venezuelans?
Our current project is to register the first 100 or more Venezuelan Nationals in the first 2 months of the registration period that runs through Sept. 5, 2021. As of March 19th, we have sent out our first 15 Venezuelan applicants' packages to be properly filed with US Citizenship and Immigration Services.
