REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

To the Board of Directors of

Catholic Charities of Fairfield County, Inc.:

Report on the financial statements

We have audited the accompanying consolidated financial statements of Catholic Charities of Fairfield County, Inc. and Affiliate (collectively, "Catholic Charities"), which comprise the consolidated statements of financial position as of June 30, 2018 and 2017, and the related consolidated statements of activities, functional expenses, and cash flows for the years then ended, and the related notes to the financial statements.

Management's responsibility for the financial statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to Catholic Charities' preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Catholic Charities' internal control. Accordingly, we express no such opinion.

An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the consolidated financial position of Catholic Charities as of June 30, 2018 and 2017, and the changes in their consolidated net assets and their cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

1. ORGANIZATION

Catholic Charities of Fairfield County, Inc. ("CCFC") is a not-for-profit, non-stock corporation organized under the laws of the State of Connecticut in April 1955 by the Bridgeport Roman Catholic Diocesan Corporation (the "Diocese"). The members of CCFC are the Bishop, the Vicar(s) General, and the Chancellor of the Diocese, the President of CCFC, and such other members appointed by the Bishop. No less than six members are appointed. CCFC has a Board of Directors consisting of those members and up to nineteen lay people. The mission of CCFC is to put faith into action by providing food, housing, mental health, adoption, immigration and family support services to the needy and vulnerable of all faiths in Fairfield County, Connecticut.

Catholic Charities of Fairfield County Holdings, LLC ("CCFCH"), a single member limited liability company established by CCFC, was organized under the laws of the State of Connecticut in September 2012 to own the real estate to provide transitional housing facilities to support CCFC's mission.

Accordingly, the accompanying consolidated financial statements, along with the related disclosures thereto, reflect the activities of CCFC and CCFCH (collectively, "Catholic Charities").

Program Services

Catholic Charities provides the following services:

Nutrition - Nutrition services includes two of the State of Connecticut's largest soup kitchens, a mobile breakfast program, food pantries, and a congregate and home delivered meal program for the elderly.

Behavioral Health - Behavioral health services provide family and individual counseling throughout Fairfield County, Connecticut. Behavioral health services have district offices in Danbury, and Norwalk, Connecticut.

Family - Family services provide school readiness for children who would otherwise not receive preschool preparation, through the Room to Grow Early Childhood Education Center, as well as a full array of Family Directional services including adoption and pregnancy outreach activities. In addition, family services include immigration outreach services that have been accredited by the U.S. Department of Justice to meet a broad spectrum of challenges normally faced by families new to the United States.

Community - The Community services program provides assistance, training, counseling and family support services to not only individuals and families who are chronically homeless, dealing with substance abuse, mental health issues as well as those who due to Hurricane Sandy need assistance and support.

Housing - Housing services programs provide rental assistance and support services to formerly homeless families and individuals who have documented disabilities. The support services assist these families and individuals with life skills as they move towards self-sufficiency. Housing programs consist of a network of both transitional and permanent housing.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying consolidated financial statements have been prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP"), with all significant intercompany balances and transactions eliminated. Accordingly, the classification of Catholic Charities' net assets and its revenues, support, and expenses are based on the existence or absence of donor-imposed restrictions. The amounts for each of the three classes of net assets, permanently restricted, temporarily restricted and unrestricted, as applicable, are presented in the consolidated statements of financial position and the changes in each of those classes of net assets is presented in the consolidated statements of activities.

Net assets consist of the following:

Unrestricted - Net assets that are neither permanently nor temporarily restricted by donor-imposed stipulations and, therefore, are available to carry out Catholic Charities' operations and mission.

Temporarily Restricted - Net assets resulting from contributions and other inflows of assets whose use by Catholic Charities is limited by donor-imposed stipulations that either expire by passage of time or can be fulfilled and removed by actions of Catholic Charities pursuant to those stipulations. When such stipulations end or are fulfilled, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the consolidated statement of activities as net assets released from restrictions. However, when restrictions on donor-restricted contributions are met in the same accounting period, such amounts are reported as part of unrestricted net assets.

Permanently Restricted - Net assets resulting from contributions and other inflows of assets whose use by Catholic Charities is limited in perpetuity by donor-imposed stipulations that neither expire by the passage of time nor can be fulfilled or otherwise removed by actions of Catholic Charities. Catholic Charities did not have any permanently restricted net assets as of June 30, 2018 and 2017.

Cash and Cash Equivalents

Catholic Charities considers all highly liquid investments with original maturities of less than 90 days from the date of purchase to be cash equivalents.

Investments - Other

Investments - other consist of certificates of deposit ("CD") with original maturities of greater than 90 days in accordance with the investment policy. The fair value as of June 30, 2018 and 2017 is \$899,329 and \$0, respectively.

Fair Value Measurement

Catholic Charities' investments are measured at fair value using valuation techniques that maximize the use of observable inputs and minimize the use of unobservable inputs. Observable inputs reflect market data obtained from independent sources, while unobservable inputs are based on market assumptions. The fair

Notes to Consolidated Financial Statements

June 30, 2018 and 2017

value hierarchy is comprised of the following three levels of inputs, of which the first two are considered observable and the last unobservable:

- Level 1 Quoted prices in active markets for identical assets.
- Level 2 Inputs other than Level 1 that are observable either directly or indirectly, such as quoted prices in markets that are not as active, or other inputs that are observable or can be corroborated by observable market data.
- Level 3 Significant unobservable inputs that are supported by little or no market activity.

A financial instrument's categorization within the valuation hierarchy is based on the lowest level of input significant to the fair value measurement. The categorization of an investment is based upon its pricing transparency and liquidity and does not necessarily correspond to Catholic Charities' perceived risk of that investment.

Accounts Receivable

Catholic Charities generally does not require collateral or other security in providing health care and other services to clients. However, Catholic Charities routinely obtains assignment of clients' benefits payable under their health care insurance programs, plans or policies. Because of the uncertainty surrounding collection, management provides an allowance for doubtful accounts based on consideration of the type of receivable, responsible party, credit history, and comparative aging. Accounts receivable balances are written-off when management has determined that all reasonable methods of collection have been exhausted. Any payments subsequently received on such receivables are recorded as income in the period received. As of June 30, 2018 and 2017, Catholic Charities recorded an allowance for doubtful accounts of \$42,110 and \$46,116, respectively.

Property and Equipment

Property acquisitions and improvements are stated at cost, or in the case of donations, at fair value as determined on the date of gift. Additions and improvements that exceed \$2,500 and with useful lives greater than three years are capitalized and depreciated on a straight-line basis over the following estimated useful lives:

Buildings	30 - 40 years
Furniture and fixtures	3 - 5 years
Automobiles	3 - 5 years
Computer equipment	3 - 5 years

Leasehold improvements are amortized over the estimated useful lives of the improvements or the term of the leases to which they pertain, whichever is shorter. Repairs and maintenance are charged to expense as incurred.

Notes to Consolidated Financial Statements

June 30, 2018 and 2017

Contributions

Unconditional contributions are recognized in the period pledged or received. Conditional contributions and promises to give are recorded as revenue when the conditions on which they depend have been substantially met. Contributions of non-monetary assets are recorded at the estimated fair value of the assets contributed at the date of the gift.

Because of the uncertainty surrounding collection, management may provide an allowance for doubtful accounts based on consideration of the responsible party, credit history, and comparative aging. Contributions receivable balances are written-off when management has determined that all reasonable methods of collection have been exhausted. Any payments subsequently received on such receivables are recorded as income in the period received. Based on management's history with donors having outstanding balances, Catholic Charities has concluded that a reserve is not deemed necessary at June 30, 2018 and 2017.

Contributed Goods and Services

Contributed goods and services for the years ended June 30, 2018 and 2017 consisted of donated space for the Senior Nutrition programs, food, clothing and toys for the School Readiness and Housing Programs, and other miscellaneous supplies received for programmatic activities.

Catholic Charities has recorded the estimated fair value of donated property and services as follows for the years ended June 30, 2018 and 2017:

	 2018	 2017	_
Donated program space Donated food, clothing, toys and supplies	\$ 264,905 421,992	\$ 267,722 440,930	
	\$ 686,897	\$ 708,652	

Governmental Grants

Governmental grant revenue is recognized to the extent that allowable program expenditures have been incurred in accordance with the terms of the related agreement to which they pertain. Based on management's history with government agencies having outstanding balances, it has concluded that a reserve is not deemed necessary at June 30, 2018 and 2017.

Program Services Revenue

Program services revenue is recognized when services are provided. Catholic Charities bills for services and recognizes revenue using a sliding fee scale based on patient family income levels.

Notes to Consolidated Financial Statements

June 30, 2018 and 2017

Program services revenue consisted of the following for the years ended June 30, 2018 and 2017:

	2018			2017		
Nutrition	\$	234,244	\$	221,389		
Behavioral Health	•	442,648	·	444,361		
Family		441,910		491,223		
Community		7,430		15,012		
Housing		6,100		4,513		
	\$	1,132,332	\$	1,176,498		

Refundable Advances

Amounts from grants, contracts and other funds for related program services received in advance but unearned are reflected as refundable advances in the consolidated statements of financial position and are subsequently reflected in the consolidated statements of activities during the period to which they apply as the funds are expended and earned.

Conditional Asset Retirement Obligation

Catholic Charities has a conditional asset retirement obligation ("CARO") for asbestos material associated with the Merton Single Room Occupancy ("SRO"), which it owns. This obligation is defined as a legal obligation associated with the future retirement of a tangible long-lived asset in which the timing and/or method of settlement is conditional on a future event that may or may not be within the control of Catholic Charities. The present value of this obligation and resulting accretion expense, together with the related asset retirement cost capitalized, accumulated depreciation and depreciation expense, are recognized in the accompanying consolidated financial statements. As of June 30, 2018 and 2017, the CARO totaled \$61,748 and \$59,213, respectively. For each of the years ended June 30, 2018 and 2017, the accretion of interest related to the CARO totaled \$2,535.

Functional Expense Allocation

Expenses are charged directly to Catholic Charities program services, management and general, and fundraising, and are based on specific identification to the extent practicable. Expenses related to more than one function have been allocated using consistent methodologies determined by management to be appropriate. Management and general expenses include those expenses that are not directly identifiable with a specific function, but provide for the overall support and direction of Catholic Charities.

Concentration of Credit Risk

Financial instruments that potentially subject Catholic Charities to concentrations of credit and market risk consist principally of cash and cash equivalents on deposit with financial institutions, which from time to time may exceed the Federal Deposit Insurance Corporation limit. Management does not believe that a significant risk of loss is likely due to the failure of a financial institution Catholic Charities utilizes.

Notes to Consolidated Financial Statements

June 30, 2018 and 2017

Catholic Charities receives a significant portion of its funding from federal and state grants. As with all grants, there is a risk that future grants will be reduced or eliminated. A significant reduction in grant funding would have a significant impact on Catholic Charities' program services. However, no such reductions have been communicated by sponsors or are otherwise known at present.

Income Taxes

Catholic Charities follows guidance that clarifies the accounting for uncertainty in tax positions taken or expected to be taken in a tax return, including issues relating to financial statement recognition and measurement. This guidance provides that the tax effects from an uncertain tax position can only be recognized in the consolidated financial statements if the position is "more-likely-than-not" to be sustained if the position were to be challenged by a taxing authority. The assessment of the tax position is based solely on the technical merits of the position, without regard to the likelihood that the tax position may be challenged.

In an annually updated ruling, the Internal Revenue Service has held that agencies, instrumentalities and educational, charitable, and religious institutions operated, supervised, or controlled by or in connection with the Roman Catholic Church in the United States, its territories or possessions appearing in "The Official Catholic Directory" are exempt from federal income tax under provisions of Section 501(c)(3) of the Internal Revenue Code. CCFC is listed in "The Official Catholic Directory" and therefore is exempt from income tax on revenues related to its tax-exempt mission. Catholic Charities has processes presently in place to ensure the maintenance of its tax-exempt status; to identify and report unrelated business income; to determine its filing and tax obligations in jurisdictions for which it was nexus; and to identify and evaluate other matters that may be considered tax positions. Catholic Charities has determined that there are no material uncertain tax positions that require recognition or disclosure in the consolidated financial statements. In addition, Catholic Charities has not recorded a provision for income taxes as it has no material tax liability from unrelated business income activities.

Use of Estimates

The preparation of consolidated financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts and disclosures in the consolidated financial statements. Actual results could differ from those estimates. Financial statement areas where management applies the use of significant estimates consists primarily of determining allowances for doubtful accounts related to grants, accounts and other receivables, the value of in-kind contributions and conditional asset retirement obligations.

Reclassifications

Certain accounts in the prior year consolidated financial statements have been reclassified for comparative purposes to conform with the presentation in the current year consolidated financial statements. These reclassifications have no effect on previously reported change in net assets.

Subsequent Events

Catholic Charities evaluated its June 30, 2018 consolidated financial statements for subsequent events through December 21, 2018, the date the consolidated financial statements were available to be issued. Catholic Charities is not aware of any subsequent events that would require recognition or disclosure in the accompanying consolidated financial statements.

	\$ 1,274,323	\$ 1,256,343

7. COLLABORATION AGREEMENT

In July 2015, Catholic Charities entered into an agreement with St. Vincent's Medical Center (the "Medical Center"), to combine, in a collaborative effort, Catholic Charities' outpatient behavioral health services with St. Vincent's. The belief is that this collaboration will enhance the provision of a full complement of outpatient behavioral health services to patients in the greater Bridgeport area served by Catholic Charities and the Medical Center. This collaborative agreement runs through June 30, 2020 (the "Initial Term"), and stipulates that Catholic Charities agrees to make a financial contribution of 50% of the operating loss, up to the extent that such loss is attributable to the provisions of Catholic Charities services, up to a maximum of \$150,000 for each of the fiscal years under the agreement. At the end of the Initial Term, as defined, the Agreement will automatically renew for additional one-year periods until terminated by either party upon

Future rental commitments pertaining to other real estate are related to programs held at various sites throughout the State of Connecticut.

In addition to the leases described above, Catholic Charities also has certain other operating leases that operate on a month to month basis.

Contingencies

Catholic Charities receives funding in the form of state and federal grant programs, Medicaid and Medicare reimbursements. In accordance with the terms of certain government grants and contracts, the records of Catholic Charities are subject to further review and audit by the granting agencies and Medicaid and Medicare after the date of final payment of the contracts. Such reviews and audits may result in Catholic Charities incurring disallowances or other liabilities to the grantors. At June 30, 2018 and 2017, there are no known liabilities in connection with such reviews. It is the opinion of management, however, that disallowances or other liabilities, if any, will not have a material adverse effect on the accompanying consolidated financial statements.

Notes to Consolidated Financial Statements

June 30, 2018 and 2017

Catholic Charities, in the normal course of its operations, is a party to various legal proceedings and complaints, some of which are covered by insurance. While it is not feasible to predict the ultimate outcomes of such matters, management of Catholic Charities is not aware of any claims or contingencies, which are not covered by insurance that would have a material adverse effect on Catholic Charities' consolidated financial position, changes in net assets or cash flows.
